

The Eating Disorders Program

Eating Disorder Staff Psychologist Position Available

Requirements: Graduate of an APA approved psychology program and licensed in the state of Texas (will consider license eligible).

The qualified candidate has positive interpersonal characteristics, works well in a fast-paced environment and as a member of a multidisciplinary treatment team, and enjoys participating in a nationally recognized program. Experience with an eating disorder population is required. Because of the highly specific knowledge needed to work with this population, continuing education is mandated.

Specific job responsibilities include developing individualized treatment plans, conducting group psychotherapy, working with families, and participating in therapeutic meals. Prominently placed in the Margot Perot Women's and Children's Hospital, located at Texas Health Presbyterian Hospital Dallas—the flagship hospital of Texas Health Resources. We are part of the largest nonprofit hospital system in north Texas.

Please contact Jim Harris, Psy.D., Program Manager, Clinical Assistant Professor UT Southwestern Medical School, at 214-345-7363, to discuss this exciting opportunity.
